# INTRODUCTION

---

who  
**WE** are  
MF 9LG

**Sunmoon** is founded in 1988, is a professional manufacturer for various products and solutions of Weighing load cell & Indicator, Force Measurement, and Oil Well IoT.

Our present factory covers 50,000 sq.m, and have own complete set of production line, including machining, attaching, wiring, compensation, testing and package.

Headquarter

Machining workshop

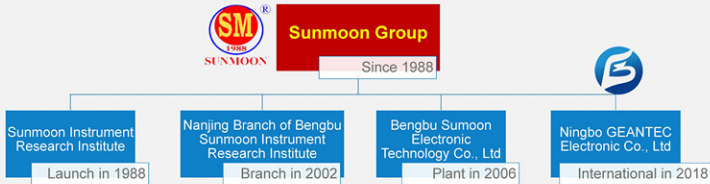

Wiring workshop

1600t Testing

# COMPANY STRUCTURE

**Sunmoon** has four subsidiaries and three domestic office so far, and has more than 10,000 customers in domestic and overseas market.

# PRODUCT HISTORY

## Finger Pressure Sensor

---

**October 1988**

Produced 1<sup>st</sup> SM01 Finger Pressure Sensor, 1<sup>st</sup> SM01 Transmission box,, 1<sup>st</sup> SM01 3 1/2 LED indicator

## Weighing Solution

---

**May 1989**

Produced SM40 Weighing Indicator, SM40 High-precision Weighing Load Cell, and SM41 Solid Flowmeter

## Force measurement

---

**August 1990**

Produced 300t force measurement load cell for Test Bench of Aerospace Launch

## Oilwell IoT

---

**June 1996**

Produced SM40YBC series wireless portable pumping well diagnostic instrument

# CERTIFICATE & PATENT

**SUNMOON** passed

- ISO9001:2000, ISO10012, ISO14001;
- OHSAS18001;
- SGS,CE;
- High- and New-Technology Enterprise;
- National second-level legal units of measurement
- 200 patent with independent intellectual property rights

# EQUIPMENT

# BUSINESS & COOPERATION

## Our Main Project

- Hanjiang Kiln Energy-Saving Renovation Project

- Yangtze River Three Gorges Gezhouba Project

- Yellow River Xiaolangdi Project

- Aerospace Project Xichang Launch Satellite

## Our Main Partner

# SALES & MARKET

---

Chinese Market

---

WE  
WANT  
TO  
BE  
THE BEST

International Market

# GEANTEC PRODUCT

---

## PRODUCTS AND SERVICES

GEANTEC always focus on professional solution for

- Weighing Solution
- Force Measurement
- Oil Well IOT Equipment

**ABOVE 30 YEARS EXPERIENCE**

### Weighing Solution

Weighing load cells, weighing indicators, dynamic and static intelligent weighing systems, etc.

### Force Measurement

Construction forcing load cell, pressure transducer, angle transducer, etc.;

### Oil Well IOT Equipment

Oil well testing instruments, digital remote measuring & control systems, portable oil well diagnostic instruments, etc.

# WEIGHING SOLUTION

## ◆ SERIES:

Various weighing load cells, weighing indicators, dynamic and static intelligent weighing systems, etc.

## ◆ APPLICATION:

Various truck scale, platform scale, railway scale, blending scale, hopper scale, scoop scale, tank weighing, testing machine, packing scale, crane scale, belt scale, axle-load scale, professional weighing and testing equipment, filling scale, warehouse scale, industry control, etc..

# FORCE MEASUREMENT

## ◆ SERIES:

Various construction forcing load cell, pressure transducer, angle transducer, etc.

## ◆ APPLICATION:

Various excavator weighing system, mast torque limiter, crane torque limiter, monitoring system of bridge erector, auto crane torque limiter, crawler crane torque limiter, weighing system of muck truck, loader weighing system, etc..

# OIL WELL IOT

## ◆ SERIES:

Various oil well testing instruments, digital remote measuring and control systems, portable oil well diagnostic instruments, industrial RTU and industrial automation control cabinet systems, etc.

## ◆ APPLICATION:

Various artificial lift system: beam pumping, belt pumping, progressive cavity pump, electrical submersible pumping, etc.

# OUR SERVICES

---

## CUSTOMIZED

We always provide customized service to our customers.

## TECHNICAL SUPPORT

We have big technical team for your technical support.

## GUARANTEE

We provide guarantee period and support.

## WORKING TIME

Our sales team is always ready for your requirement.

**Thank you!**

**Let's Creating Win-Win Cooperation**
